THE ECONOMIST

Batters who hit .300 are becoming so scarce in the American league that unless the pitching falls off, the old mark of a "respectable batter," one who hits around .270, will become the badge of class. With but nine men hitting .300 or better it is pretty obvious that the .300 list is shy several of the real batting stars and the hitters must be found among the 29 men who are batting above .270.

SPORTS

BOXING CONTESTS ARE SCHEDULED FOR 4TH

Several Attractive Cards Offered Fans in Various Parts of State as Independence Day Diversion.

Wielders of five-ounce gloves will come into their own in New Mexico on July 4, several boxing contests being scheduled to happen on that day. Mark Levy, dean of the Marquis of Queensbury game in the state, will supervise a ten-round affair in the Elks' theater on the night of the Fourth, with Jack Torres of Albuquerque and the Battling Dane of Denver as the principals. This contest will likely prove a hummer. Torres is a local boy who has developed into quite a fighter during the year and a half he has been in the game.

Louis Gonzales, who made his debut as a fighter here a couple of years ago, and made his exit soon after when he ran into one of Al Smallding's one-two taps, is billed to tear off a few stanzas of three minutes each at Silver City on the night of July 4. Gonzales is to box Kid Ross, a Clifton negro, the bout being scheduled to go ten rounds.

The feature of the Gonzales-Ross bout is that if the fighters are strong and up and going at the end of ten rounds they will be immediately re-matched for another number of rounds.

This is believed to be the first effort to evade by means of a technicality the order unofficially issued by Governor McDonald when boxing first became popular after New Mexico became a state, that boxing contests should not exceed the ten-round limit. It is likely the plan of the Silver City promoters to have a ten-round bout between Gonzales and Ross, and then to have an entirely distinct bout following between the same men with a few moments' intermission.

Over in Roswell the Pecos valley fans will be treated to a ten-round affair between Spider Moffatt of San Francisco and Johnny Connolly of various seaport towns. Moffatt performed here on one occasion and if he is strong enough to stand Connolly's punches he may cleave and re-cleave and puts on a good show when he is right.

The Juarez bull ring will be the scene on the afternoon of the Fourth of a bout between Frankie Gage of Arizona and Frankie Russell of New Orleans. The boys are to make 133 pounds at 10 o'clock in the morning of the fight and the bout is scheduled to start for the twenty-round limit. Because nearly all the boxers who

SPEED BOYS WILL PERFORM AT PARK ON 4TH

Motorcycles to Hum Around Half Mile Track at Traction Park; Exciting Races Are Promised.

There are fight fans and baseball fans galore in Albuquerque, but it is safe to say that there are more speed bugs in town than any other kinds of bugs and because of this it is a safe bet that there will be a big crowd out at Traction park on July 4 to see the motorcycle races, which are to be run under direction of Mark Levy. The motorcycle boys are enthusiastic over the prospects of the races and promise that spectators will witness a few spectacular and highly thrilling speed events during the afternoon.

PITTMAN ENTERS HIS CAR IN HOLIDAY RACE

Ray Pittman is the first to enter his car for the automobile race to be part of the speed carnival at Traction park July 4th. Other owners of fast cars have told Director Mark Levy that they will put their autos on the track, but Pittman is the only one who has posted a forfeit guarantee appearance.

ROSWELL PLAYERS ARE NOT VERY GALLANT: BEAT LADIES' TEAM

The Al P. Gibbs baseball club, with ladies as players, lost at Roswell to the Roswell home guards Wednesday, by a score of 9 to 5. The ladies are billed to play the Happy-go-Lucky in Albuquerque on July 4. Tom Naylor, who is looking after the Happy-go-Lucky, is besieged with applications from various prominent citizens for seats in the bald-headed row at Association park, where the game is to happen.

In Roswell the ladies put up a good game. They used three women pitchers and one man twirler, but were unable to keep the Roswell players from hitting the pill, which proved the turning point in the game. The Roswell News says that the real features of the contest were the sliding of Nancy to second base and a one-handed catch by Julia, both occurring in the ninth.

\$100,000 GATE FOR THE JOHNSON MORAN SCRAP

Huge Crowd to Witness Championship Battle in Paris Tomorrow Night: Poor to Get Ten Per Cent of Receipts.

(By Licensed Wire to Evening Herald.) Paris, June 26.—Both Jack Johnson, heavyweight champion of the world, and Frank M. Moran of Pittsburgh, challenger for the title, finished their training today and each of them declared himself in the best possible condition for their contest tomorrow night.

"I will win sure," was the cable-gram Johnson sent to his mother in Chicago today, while a friend of Moran who visited him at his training quarters at Merial on the Oise, said that the challenger was no less confident.

The advance sale of seats indicates that there will be a great crowd at the velodrome in the P-Mixer when the fight starts at half past ten tomorrow night. It is understood that among those who have purchased tickets are many women, some of whom never miss an important boxing match in Paris. The poor of Paris will realize a good sum as a result of the contest, as it is calculated that the receipts will reach at least \$100,000, and according to the law, ten per cent is added to the price of each ticket for the benefit of the poor.

No better date could have been selected for the fight, as it occurs on the eve of the grand prix, the principal sporting event of the year and in the height of the tourist season when many Americans and other foreigners are in Paris.

CORNELL WINS EIGHT OARED TWO MILE RACE

(By Licensed Wire to Evening Herald.) Poughkeepsie, N. Y., June 26.—The six oared colleges of Cornell, Columbia, Syracuse, Pennsylvania, Washington and Wisconsin were out early this morning with their 120 oarsmen keyed up to high tension for the day's contest on the Hudson. There were no changes in the betting over night and Cornell continued the favorite in all three races.

Indications at the noon hour pointed to fair conditions for the afternoon's events. A breeze was blowing from the southwest but was not strong enough to make the water very rough. The inside crews, however, would have the advantage.

Cornell continued the favorite in the betting.

Cornell won the junior eight-oared two-mile race by one and one-half lengths; Columbia, second; Pennsylvania, third; Syracuse, fourth.

Official time, junior varsity eight: Cornell, 11:15 2-5; Columbia, 11:25 3-5; Penna, 11:33 3-15; Syracuse, 11:50 3-5.

Cure for Cancer.

Atlantic City, N. J., June 26.—Many cases of cancer formerly thought hopeless can be cured and others greatly relieved by the use of a vaccine and a serum he has recently discovered, according to a report made before the surgical section of the American Medical association by Dr. J. Walter Vaughn of Detroit. He reported experiments made on 109 cases, in 53 of which cure had been effected. The treatment described by

Dr. Vaughn is used in connection with operative cases. The best results, it was stated, have followed the injection of the vaccine or serum 24 hours before the cancerous growth was removed with a knife, the vaccine and serum destroying the cancer cells which the knife did not reach.

WILL SURVEY FOREST HOMESTEADS IN ARIZONA

W. H. Finigan, forest service surveyor, will leave tomorrow for southern Arizona in connection with forest homestead surveys. He came down last night from Taos.

BACK FROM SIX-WEEKS GRAZING TRIP IN FOREST

A. D. Read, grazing examiner in the forest service, returned last night from a grazing trip in Arizona. He spent six weeks in the Prescott national forest.

The want .300 list of the American league comprises Clarence Walker, Louisville, .47; Cobb, Detroit, .347; Cowles, Detroit, .343; Baker, Athletics, .332; Jackson, Cleveland, .323; Crawford, Detroit, .315; E. Walker, St. Louis, .308; and Collins and McInnis, of Philadelphia, .300. One of these is a pitcher, another a pinch hitter, which makes seven regulars in the American league who have made the select circle.

Let a Herald want ad save you time.

Where Work Is Done The Air Should Be Pure

Anyone in charge of workers will testify as to the close relation between ventilation and efficiency. Fresh air is necessary to best endeavor.

G-E Exhaust Fans

draw the pure air of a building and expel the dead and germ-laden atmosphere. They increase efficiency in the large factory, the small shop or the home kitchen. Wherever human lungs are vibrating the air or odor clinging to these air removers are needed. The cost is slight, the service great and welcome the year round.
